**Subject:** **The issues we were asked to order for UCEP (to reduce time to degree)**

- Provide incentives for early completion
- Provide disincentives for delayed completion
- Establish maximum possible credits | time at UC
- Establish upper limit for major requirements
- Offer more credit for learning out of classroom (e.g., internship)
- Adjust course units so that fewer courses needed for full-time
- Make better use of credit earned before matriculation
- Improve articulation between prior institution and UC
- Increase options for course-taking (e.g., non-standard times)
- Implement cross-campus award of course credits
- Offer more multi-campus degree programs
- Reduce duplication of specializations across campuses
- Increase targeted use of teaching faculty
- Use technology more to offer high demand campus courses and online ed
- Use physical plant to fullest extent
