

Richard Hughey is Vice Provost and Dean of Undergraduate Education (VPDUE) and a professor of computer engineering and of biomolecular engineering.

He has served as chair of the Committees on Educational Policy (CEP) and Admissions and Financial Aid (CAFA), both of which have crucial rolls in undergraduate success.

He established many new programs and initiatives within engineering; mentored student groups such as the Society of Women Engineers and Tau Beta Pi, the engineering honor society; and led the SURF-IT summer undergraduate research program. In 2008 he received a UCSC Chancellor's Achievement Award for Diversity.

The Division of Undergraduate Education includes our undergraduate colleges (9/10 with Social Sciences), the educational partnership center, admissions, financial aid, orientation, registrar, advising and honors, international education, and summer session.
