Changes to 2019-20 Campus Orientation

Exciting changes are coming soon to campus orientation. Starting summer 2019, most orientation services for students and families will be provided primarily online. The goal is to enhance the quality of advising and information, as well as deliver it in a more intentionally phased plan that can be reviewed as needed.

Slug Orientation is a critical academic program that is designed to assure you start strong from the first day. Slug Orientation will support students’ fall quarter advising and enrollment, help them learn how to navigate campus and academic resources, and connect them to other UC Santa Cruz students.

Be on the lookout for more information in the near future!
