

February 2019

CALL FOR PROPOSALS: Recruitment and Support of Undergraduates from Outside California

UC Santa Cruz is committed to the academic success and graduation of students from both inside and outside California. In an effort to build its reputation as a national and international university, diversify the student body, and enhance the educational experience for all its students, UCSC is working to grow enrollment of undergraduate students from outside of California. [Continue reading here...](#)

Extra Mile Award Nominee of the Month:

This month rather than honor one specific individual we would like to recognize a group of individuals from the Office of the Registrar for going the extra mile! Both **Cameo Moore** and **Marisa Herzog** received glowing reviews for going above and beyond to help resolve challenging student situations. Thank you both for your commitment to UCSC and our students! In addition, **Jamie Siegel** worked with other staff members to improve navigation collection in AIS software. Thank you, Jamie, for helping to improve processes that allow people to work more efficiently!

Put your party-planning hats on! The time has come to start planning our annual Staff Appreciation Breakfast and we are looking for volunteers. If you would like to pitch in to help us plan this year's event, please reach out to Tracy Crick (tcrick@ucsc.edu).

Giving Day 2019

Giving Day will take place on February 27th and is a fun online fundraising effort to support UCSC students, faculty and campus programs. Check out the UE and GE registered programs [here](#).

Did You Know...?

...By October 2019, Multi-Factor Authentication will become mandatory for key UCSC services using the CruzID Gold password login. For additional information please visit the ITS MFA [website](#).
